Dear Families,

Kids in the Village Early Learning Center's security system is part of our commitment to provide a safe, secure environment for you and your children. There are a total of twenty-four cameras strategically placed in all downstairs and upstairs classrooms, hallways, interior and exterior doors and parking lot to ensure complete video coverage of all areas of the school operation.

The system features high definition video cameras and recording equipment which may be monitored at any time by the School Director and Executive Director.

Every Kids in the Village Early Learning Center family will receive two fobs which will allow you to access the facility's secured areas. The front door of the main building, the stairwell next to the water fountain, the side entrance door across from the lunch room for the sanctuary, the side door of the Barn, and the front and back doors of the upstairs nursery hallway can all be accessed with your fob. You can stop by the office to pick up your fobs before your child starts school. Up to three additional fobs can be purchased for \$5.00 each and they will be registered in the names that you indicate on the attached form. We request that each person who drops off or picks up have their own fob. Lost fobs must be reported immediately so that we can deactivate the number. Replacement cost for lost fobs is \$5.00.

There are intercoms at most of the entrances where the units are located. To contact someone in the office, press the button, release, and listen for someone to greet you before speaking.

Please complete the request form to receive your fob(s). The first two are free and additional fobs are \$5.00 each. Please make sure that each person in your family uses the fob registered to them.

If you have any questions or concerns about the security system and issuance of fobs, please feel free to call or stop by the office.
